

ROCK[®]

SAFETY

Our Mission: Your Protection.

INNOVATION 2020

László Molnár
managing director

Dear Partners!

With more than 20 years of experience in the field of Personal Protective Equipment, ROCK SAFETY® has become a reliable European brand whose products are distributed via wholesalers in more than 18 countries meanwhile.

ROCK SAFETY® offers a wide assortment of PPE solutions.

The products are being manufactured under strict quality control both in home-based and Far-East production facilities. In order to fulfil different market demands designing new products has become an important part of the business strategy. The goal is to offer a suitable solution for every need and requirement. This all is supported by a dedicated team of professionals.

High service level, flexibility, technical skills are implemented throughout the entire line of the company.

We position ourselves as a PPE supplier providing complete protection for workers to return home safe to their families. We believe in safety, family and the generations building our future.

Our Mission: Your Protection.

We proudly offer you our products:

Hand Protection

Docker, welding, driver, knitted, dotted, cut-and-sewn, assembly, cut-resistant, coated and chemical resistant, ESD, winter, disposable, mechanical, special, vending machine gloves

HAND PROTECTION / Our Mission: Your Protection.

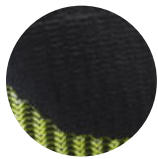

INNOVATION IN HAND PROTECTION

Heat-resistant up to 100°C

Cut-resistance level 5 / D

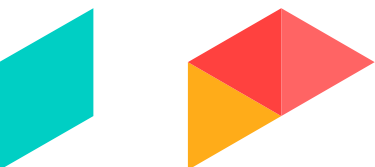

Micro foam nitrile palm coating

Fluorescent yellow liner

Cut-resistant fiber and Lycra®

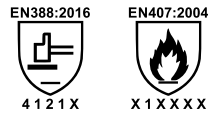

BLACKGRIP

**Nylon/spandex assembly glove
with foam nitrile palm coating**

- Material: nylon/spandex
- Nitrile foam palm coating
- Gauge 15
- Ultra comfortable
- Oil repellent palm
- Extra durable
- Heat resistant up to 100°C
- Excellent grip
- Fluorescent yellow cuff
- **Sizes: 6-11**

FLEXVIS

**Polyester assembly glove
with foam latex palm coating**

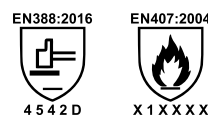

- Material: polyester
- Foam latex palm coating
- Gauge 13
- Extra flexible
- Ultra comfortable
- Excellent grip
- Fluorescent yellow liner
- **Sizes: 6, 8, 10**

CUTVIS

**Cut-resistant assembly glove
with micro foam nitrile palm coating**

- Material: cut-resistant fiber and Lycra®
- Micro foam nitrile palm coating
- Gauge 13
- Cut resistance level 5 / D
- Oil repellent palm
- Heat resistant up to 100°C
- Fluorescent yellow liner
- **Sizes: 7-11**

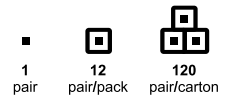

4515

Off-white goat grain leather glove with red cotton handback

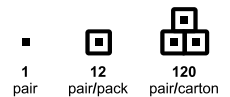

- Off-white goat grain leather palm
- Vein protection
- Red cotton back
- Adjustable velcro wrist closure
- Sizes: 8-12

4515-W

Off-white goat grain leather glove with red cotton back and winter lining

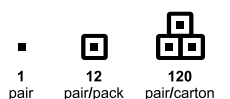

- Off-white goat grain leather palm
- 3M™ Thinsulate™ insulation
- Wrist protection
- Red cotton back
- Adjustable velcro wrist closure
- Sizes: 8-12

4515-DLX

Premium goat grain leather glove with high-visibility orange back and velcro wrist closure

- Off-white goat grain leather palm
- Vein protection
- Orange cotton back
- Adjustable velcro wrist closure
- Sizes: 8-12

CARBON

Carbon ESD glove with PU coated palm

- Microelectronic knitted assembly glove
- Material: nylon with carbon-thread
- Anti-static (ESD)
- PU palm coating
- Sizes: 6-10

CARBON-1

Carbon ESD glove with PU top fit

- Microelectronic knitted assembly glove
- Material: nylon with carbon-thread
- Anti-static (ESD)
- PU fingertip coating
- Sizes: 5-10

CARBON-2

Carbon ESD glove

- Microelectronic knitted assembly glove
- Material: nylon with carbon-thread
- Anti-static (ESD)
- Sizes: 7-11

L3036

Waterproof, double layer winter glove with black sandy latex coating

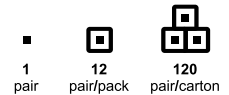

- 7 gauge orange terry brushed shell inside
- 13 gauge orange polyester shell outside
- Orange smooth latex fully coating
- Black sandy latex coating on palm and thumb
- **Sizes: 7-11**

LRS3033

Waterproof, latex coated glove with black sandy latex coating

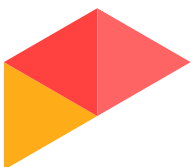

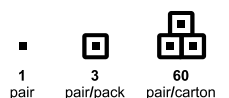

- 13 gauge orange nylon shell
- Orange smooth latex fully coating
- Black sandy latex coating on palm and thumb
- **Sizes: 7-11**

AV-3

Anti vibration grain leather glove

- Cow grain leather palm
- Breathable nylon/Lycra® back
- Reinforced wrist with velcro closure
- Anti vibration gel on palm and fingers
- **Sizes: 9-12**

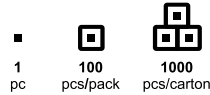

9201

Disposable latex glove, powdered,
0.08 mm, 5.0g

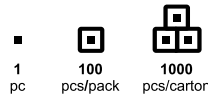

- Material: latex
- Certified for food industry
- Sizes: S-XL

N231021

Disposable nitrile examination
glove, powder-free, 0.07mm, 3.6g

- Material: nitrile
- Powder-free
- Colour: blue
- Ambidextrous
- Textured fingertips
- Certified for food industry
- Sizes: S-XL

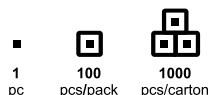

TATTOO

Disposable, chemical resistant nitrile
examination glove,
powder-free, 0.11mm, 5.5g

EN374-1:2017/Type C

- Material: nitrile
- Powder-free
- Does not contain natural rubber latex
- Colour: black
- Non-sterile, micro-textured
- Certified for food industry
- Chemical resistant: EN ISO 374-1:2016 / Type C 'K' | K: NaOH 40%: Sodium Hydroxide 40%
- Sizes: S-XL

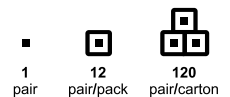

PD8026

PU palm coated cut-resistant glove

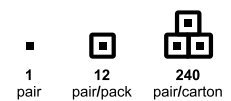

- Material: cut-resistant fiber and Lycra®
- Cut resistance level: 5 / C
- Gauge: 13
- Grey PU palm coating
- Sizes: 7-11
